

Given the proprietary nature of our business, TTM has instituted security protocols appropriate to our industry. All visitors to our facilities must comply with the following guidelines. We hope that your time spent with us is informative, productive and enjoyable.

## Hours of Operation & Address

Monday – Thursday, 7:30am - 5:30pm and Friday, 8 am – 4:30 pm.

### Farmingdale

815 Broad Hollow Rd.  
Farmingdale, NY 11735

## Visitor Parking

Marked visitor spaces can be found near the front entrances of all buildings.

## Visitor Credentials

All visitors will be required to show valid photo ID (a list of acceptable IDs follow) upon arrival to our facilities, when checking in with the lobby receptionist. If your credentials have expired, you will not be granted access to the building, except in the case of an expired U.S. passport. Please sign-in at the front desk and provide the following credentials:

- U.S. visitors – U.S. passport (may be expired), U.S. permanent resident card (informally known as a green card), enhanced driver's license, REAL ID driver's license, photo documentation of asylee or U.S. status birth certificate or U.S. government issued military Common Access Card (without blue bar).

- U.S. employees holding security clearances can have their company send in their security clearances through the government system DISS and this will be used as proof of U.S. status. TTM Technologies visitor control for facilities currently doing business as Telephonics is SMO/DISS 64694\* and/or 78711\*
- Foreign nationals – passport or visa

## Visitor Technology

- U.S. citizens are permitted to bring smartphones/cell phones in to TTM facilities and will be given a PIC Patch to be placed on all device cameras. This patch may not be removed until the lobby checkout process has been completed. Foreign Nationals are not permitted to bring in their smartphones/cell phones under any circumstance and will be asked to check these devices with the lobby receptionist for safe-keeping until they depart.
- U.S. citizens with a laptop, tablet, smart watch or other wireless device must register the device with the Lobby receptionist upon arrival. Any device with a camera will require a PIC Patch. No Foreign National visitor's laptop, tablet, smart watch or other wireless device will be permitted inside the facilities unless your host has received advance approval from the Security department.

# TTM Visitor Guide

- No visitor device, belonging to either a U.S. citizen or Foreign National will be permitted to connect to the TTM guest Wi-Fi unless your TTM host has received advance approval from Information Services for use of the network. If no prior approval has been received, visitors will need to be prepared with their own internet connection. Please confirm directly with your host if you are approved for Wi-Fi access during your visit.
- Visitors will be unable to use their USB storage devices on TTM computers. If information needs to be shared during a visit, it must be securely emailed to your host prior to your arrival.

## Inside Our Facilities

- Once you have arrived and completed the check-in process, you will be given a TTM visitor badge. Please be sure to display your visitor's badge at all times. Visitor badges must be returned each day to the lobby receptionist.
- Be sure to remain with your TTM's host at all times
- Obey all company policies and procedures posted on building signage
- Park in visitor parking spaces
- If advised by your TTM host, you may need to wear personal protective equipment in sensitive areas, including ESD smocks

## Visitor Safety

Ensuring the safety of our visitors is of critical importance and each TTM location has staff members who are trained in First Aid, CPR and Automatic External Defibrillator (AED) administration. Additionally, each building is equipped with AEDs. In the event of an emergency, dial "0" and report the nature of the emergency to the operator. The operator will contact the correct member(s) of the First Aid team as well as the proper authorities.

In the event of a fire or building evacuation, please use the exits closest to you (do not use elevators) to leave the building and meet at TTM's designated Rally Points, which are listed by location below:

- **Farmingdale** North parking lot, along the fence that borders Broad Hollow Rd.

## In Case of Emergency

During hours of operation:

- All emergencies dial "911"
- East Farmingdale Fire Company: 631.249.0047

Please note that in the interest of promoting a safe and healthy work environment, we ask all visitors to:

- Refrain from smoking on all TTM properties
- Remember to never use the elevator during an emergency, instead use the stairwells
- Report all safety-related incidents to avoid reoccurrences to your TTM's host immediately
- All visitors have the right to stop working if an unsafe condition exists
- Contact the Environmental, Health and Safety (EH&S) department at ext. 7720 if you see an unsafe situation

## Driving Directions

Farmingdale Offices & Manufacturing Facility

### Farmingdale

815 Broad Hollow Rd.  
Farmingdale, NY 11735

### Long Island MacArthur Airport (East)
