

TELEPHONICS' SUPPLEMENTARY PURCHASE ORDER AND *VCN SHIPMENT INSTRUCTIONS

SELLER Packing/Marking/Bar Coding/Shipping Instructions

SELLER Packing

SELLER shall be responsible for ensuring proper packaging per ASTM-D-3951-10 Standard Practice for Commercial Packaging. Any item requiring ESD protection must be packaged in accordance with Mil-Std-2073-1E.

SELLER Marking/Barcoding

A complete packing list shall be enclosed with all shipments. SELLER shall mark containers or packages per Telephonics' barcode instructions outlined below, to include shipper address, consignee address, purchase order number, item number, part number, quantity, unit of measure, revision, packing slip number and serial number, if applicable. Bills of lading shall include purchase order number. Where and when possible, apply barcode labels to the upper left hand corner of the shipping box. Failure to properly barcode packages may result in processing delays and result in delay of payment to the SELLER. A sample barcode is provided below.

Sample Barcode

FROM: ABC COMPANY INC. 125 PARK AVE. HUNTINGTON, N.Y. 11743	TO: TELEPHONICS CORP 815 BROAD HOLLOW RD. FARMINGDALE, N.Y. 11735
